

ANNUAL NATIVE PLANT SALE. – PURCHASE A COMPLETE GARDEN

Pick up Friday, May 12, 9 a.m. —5 p.m., in time for Mother's Day on May 14.

How does your garden grow? If you want a garden that will fill your senses with colors and smells year after year, consider planting native perennials. Not only will they come up each year, you will be providing the birds, butterflies and a host of other pollinators with foods they need to survive.

Each year the Geneva Lake Conservancy offers a collection of popular natives at a great price. As part of the Conservation@Home program, we want to help promote bird and pollinator-friendly yards by offering WILDFLOWER GARDEN KITS that include a selection of five native wildflowers to plant in your yard, and come in a decorative basket.

We are also offering Prairie and Rain gardens that have 64 plants and cover 75-125 square feet.

You don't need a dedicated wildflower garden or large area to be successful in attracting and feeding a variety of songbirds, butterflies, bees and other beneficial pollinators. You can create spaces for eco-friendly plants around your house or among your favorite annuals. These plants are seasonal and many are tall, so they can fill in early spring bare spots or add height and color to the back of your annual garden. **All of these native plants need full or partial sun. Each plant will be a healthy 2 - 3 inches tall and ready to plant. Instructions will be included.**

Plant kits from GLC's 2021 Native Plant Sale all lined up in their decorative baskets and ready for pick up before Mother's Day.
